Applause!

We are forever in debt to Marlene Simon, Mt. St. Mary's Director of Career Services and former New Mexican, for dreaming up the sneak preview idea, promoting the film to the faculty and handling all the logistics for FROM ZIM's April 17th coming out party!

What do you think of FROM ZIM's new poster design?

Production Update

March 31, 2012

Yes, it's been a few months since you received an **Update**. What the heck have we been doing? Good question. >> Entering a lot of film festivals, nineteen to date. >> Editing. Yes, we are still editing. Today our soundtrack is set in concrete, which means no more little adjustments without incurring extra costs and inciting the wrath of our composer/sound designer extraordinaire, Federico Chavez-Blanco. >> and, Concocting a promotional trailer. Right now, we are finalizing the film's graphics in preparation for our APRIL 17th Sneak Preview in Los Angeles. [If you know anyone who lives in Los Angeles, please call them RIGHT NOW and tell them to come see FROM ZIM on April 17th!](#) It could be their only chance to see it on a big screen. *(The film was designed for TV broadcast)*

After April 17th? We must monetize FROM ZIM so the director and producers can receive a little financial compensation for their three years of unpaid labor - that means getting serious about implementing FROM ZIM's very detailed distribution strategy.

News from our Heroines

Matron did very well in her exams last fall. Thanks to a group of very generous Northern New Mexican women, Matron will be able to fulfill her dream of graduating from high school. In January, she began attending Usher High School, a boarding school outside Bulawayo, ZA. Matron's basket making group will be returning to the Folk Art Market this year.

The news from Gogo and Sindiso in Masendu has been sparse. The annual rains have been less than anticipated which means poor harvests. The women did not apply to the Folk Art Market this year because they felt they could not afford the application-related expenses.
